# Online Registration

The first step in using Access Online to review your account information and statements is to register online. When you register online, you select your user ID, select your password, specify your contact information, and register your accounts. After you complete this process, you are ready to begin using Access Online.

If your program is not set up with online registration, then your Program Administrator has already registered you, and you can log in to Access Online right away. (Refer to the *Access Online: Navigation Basics* user guide for procedures on logging in.)

**Learn More:** Refer to the *Access Online: Glossary* for definitions of terms in Access Online.

The screenshot shows the 'Welcome to Access Online!' login page. On the left is a sidebar with 'Contact Us' and 'Login' links. The main content area has a heading 'Welcome to Access Online!' followed by the instruction 'Please enter the information below and login to begin.' Below this are three input fields for 'Organization Short Name', 'User ID', and 'Password'. A blue 'Login' button is positioned below the password field. At the bottom of the main area are three links: 'Forgot your password?', 'Register Online', and 'Website/Browser Requirements'. A dark blue callout box with the text '1. Click the Register Online link.' and a blue arrow pointing to the 'Register Online' link is overlaid on the right side of the page.

You can update your questions and answers at any time using the My Personal Information function. Refer to the *Access Online: My Personal Information* user guide. You also answer one of your questions if you use the Forgot Your Password function. Program Administrators can view, but not edit, your questions. Program Administrators cannot view your answers. Help desk staff can also see your questions, but not your answers. Help desk staff can only validate as correct/incorrect the answers you give them on the telephone.
